PROFESSIONAL PROFILE

Final-year Computer Science student at the University of Pretoria with a strong academic record and demonstrated commitment to community upliftment. Proficient in C++, Java and Python with expertise in object-oriented programming, data structures, concurrency, database systems design patterns, and computer architecture. Experienced in translating complex technical concepts for diverse audiences through peer tutoring and community teaching. Seeking opportunities to apply technical skills in a collaborative, growth-oriented environment.

EDUCATION

Bachelor of Science: Computer Science | Expected April 2026

University of Pretoria – Hatfield, Gauteng

- **FLY@UP Award Recipient** – Recognised for outstanding first-year academic performance (2023)
- Active member of Blue Crane Space innovation community (2023–Present)
- **Key Modules:** COS132 Computer Organisation (81% – Distinction), COS210 Theoretical Computer (72%), COS122 Operating systems(69%), COS212 Data Structures & Algorithms (64%), COS221 Database Systems (62%), COS 214 Design Patterns (66%), COS 226 Concurrent Systems (69%), Computer Architecture (69%)

National Senior Certificate | January 2023

DZJ Mtebule High School – Tzaneen, Limpopo

- **Overall Average: 81.71%** (GPA: 3.27)
- **Core Subjects:** Mathematics (92%), Geography (88%), Life Sciences (83%), Physical Sciences (78%), English (78%)

EXPERIENCE

Computer Literacy Instructor | September 2024

TUKS JCP Module – Mamelodi, Pretoria

- Delivered computer literacy training to community members aged 16–65, introducing fundamental computing concepts and practical skills
- Taught navigation of operating systems, file management, and productivity software including Microsoft Word, Excel, and PowerPoint
- Adapted teaching methods to accommodate diverse learning styles and varying levels of prior technology exposure
- Demonstrated patience and clear communication in explaining technical concepts to non-technical audiences

Peer Tutor (Informal) | 2023 – Present

University of Pretoria – Computer Science Department

- Provide regular programming assistance to fellow students in C++, Java, and fundamental CS concepts
- Focus on teaching problem-solving methodology and debugging techniques rather than providing direct answers
- Introduced block-based programming concepts using Scratch to my little sister since she had it as a subject in grade 5, focusing on logic, loops, and event-driven sequences

TECHNICAL SKILLS

Programming Languages

C++ (HackerRank Certified), Java, SQL, Python, Scratch

Concepts & Methodologies

OOP, Data Structures, Algorithms, Design Patterns, Familiar with logic-based sequencing for Arduino and Raspberry Pi environments

Database & Systems

MySQL, Database Design, Operating Systems

Tools & Technologies

Git, GitHub, VS Code, Linux, Microsoft Office

CERTIFICATIONS & RECOGNITION

- **C++ Competency Certification** – HackerRank (Verified)
- **FLY@UP Academic Excellence Award** – University of Pretoria (2023)

ADDITIONAL INFORMATION

- **Citizenship:** South African
- **Languages:** English (Fluent), Tsonga (Native)
- **Location Preferences:** Pretoria (Primary),
- **Interests:** Technology Education, Software Development, Community Outreach, Peer Mentoring, Computer Hardware
